# STAFF & STUDENTS

## **AU REVOIR MR. RILEY!**

For the past four years Jeremy M. Riley was headmaster of Stanstead College. He is now leaving us to further his education at Harvard University. Despite his departure, his mark will definitely be left at the college. Though outsiders will mainly remember him for his part in refusing government grants so that Stanstead would be able to accept foreign students and the later arrival of girls on campus, those attending the college will remember him for the change in student life. These changes included a wide range of things, from morning assembly to pizza dinners with our advisors, not to mention the now traditional fireworks on the eve of Baccalaureate. We not only extend thanks to him, but also to his whole family and wish them the best of luck in their future endeavors.

Peter Ashworth (right) as well as director of the lower school and a science teacher is also greatly involved in athletics as far as the training aspect goes. He and Larry Reynolds (left) also teach a variety of safety courses such as first-aid and junior fire-fighting.

Ms Blackman is one of our French teachers and is also the assistant house director for Bugbee House.

Theresa Byrt came to us as a student-teacher from Waterloo University. She taught math and helped to set up math help-sessions for those needing extra instruction.

Peter Boyd is one of Stanstead's biology teachers and is the director of the day-students. He coaches both the cross-country running team as well as the track and field one. But, in addition to all of this, he is best known for his acting in the staff play in the variety show.

Carol Bower is the new house director of Bugbee since it became a female dorm. She also teaches courses in moral and social development, and participates with the students in running and tennis.

Robin Bunner, whose high I.Q. is only surpassed by his golf score is a physicist, the director of Davis house, and a football and hockey coach.

Peter Channel is one of the several teachers who attended Stanstead as a student. He now teaches physical education and coaches the girls' basketball team. He also runs Stanstead's swimming program which includes everything from Bronze-Medallion to scuba-diving.

Richard Chen is the Chemistry teacher, while his wife is one of the librarians. On many occasions some of us go over to his house on the pretense of needing help, but really to enjoy their great cooking.

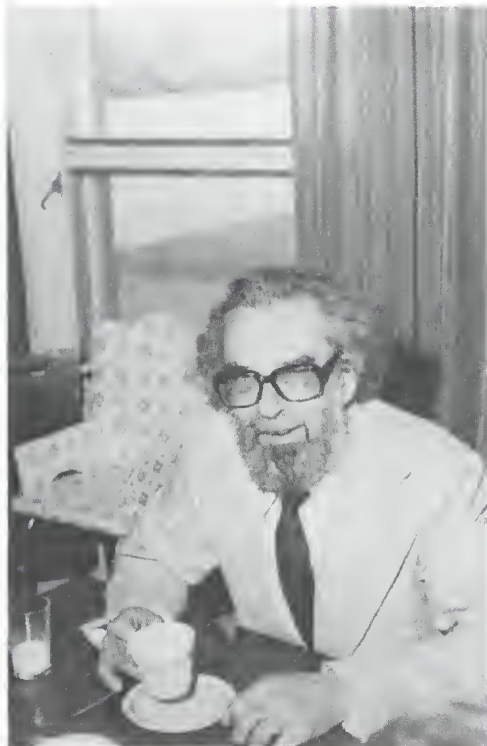

Brian Denney is another former Stanstead student now in a position of authority at Stanstead. He is involved in the football and softball programs, as well as being the head basketball coach. Between games and television sports casts he's the director of studies and a History teacher.

Paul Duncan is head of the French department and helps coach the cross-country ski program. Dorothy Duncan teaches English, is Head Librarian and helps run the softball program. Both are involved in and help interested students get into sociocultural activities.

Tony Eveleigh is head of the Math-Science department and coaches the cross-country ski team. He also helps those interested get into such things as science projects and math contests.

Barry Gallant is the Assistant Headmaster and will be Headmaster this coming year. He teaches Economics and Political Science as well as runs student discipline. He's always on the move except when he's jogging.

Diego Gomez teaches Spanish as well as French. Once a member of an Olympic soccer team, he is involved in that program. He also coaches the Track and Field programs.

Maggie Graham (left) runs the Art classes as well as being involved in the martial-arts classes. Mrs. Renault (right) is the school nurse. But, since the school is seldom sick, she usually takes care of students.

John Grivell is a Social-Studies teacher and involved in the basketball and football programs. He also runs the debating teams and public speaking contests.

Peter Howard is one of the English teachers and runs the rifle club. Many of the students enjoy his style of teaching when he analyses the literature at hand and cuts through all of the fancy adjectives to get to the true meaning of the text.

Roy Peirce as well as being the head of the Humanities department runs the dramatic presentations and the photography club.

Michael Peirce, who attended Stanstead a few years ago, now has come back and teaches math. He's the assistant director of the Lower-School and a soccer and hockey coach.

Mr. Philip is the Director of Athletics and a Biologist. He teaches Physical Education, and is the head football coach. But above all this, he is the Champion Squash player. His wife, Judy, is one of the librarians whose comical illustrations in the library amuse the students.

Kathy Vaneste is another of the student teachers from Waterloo. As well as teaching math, she helps the students get involved in all sorts of extra-curricular activities. Not just detentions.

William Walker, one of the Social-Studies teachers, is also the head soccer, squash and tennis coach. He is known for his British humor and runs the variety shows.

Mel Tintpulver is one of the most original Math teachers. His teaching technique is the 8th wonder of the world. He runs the Outdoors Club and is the Assistant House Master of Davis.

# STUDENTS MAKE THE SCHOOL RUN TOO!

FIRST ROW: Phil Huckins, Paul Sparkes, Nick Karabineris, Luc Lacaille, Nels Brigden.

SECOND ROW: Jay Gerber, Jennifer Stark, Carlo Cammalleri, Jeremy Riley, Omar Rifai, Marc Amyot, Véronique Pourcelet, Achraf Chbib, Greg Foulkes.

## THEY GOVERN

**PREFECTS:** The prefects have a lot to do with the running of the school, whether it's organizing some event or just helping the staff to run things. Though there are a few extra privileges that come with the job, there are a lot of sacrifices also.

**ANIMATION COMMITTEE:** Under the direction of Mrs. Duncan, this variety of students is the main backbone behind most of extra-curricular activities. They show movies, organize dances, coffee-houses, etc.

## THEY ORGANIZE

FIRST ROW: Karen Rosen, Jennifer Stark, Leslie Taylor, Carina Vocisano.

SECOND ROW: Paul Sparkes, Francis Lambert, Eric Pothier, Nels Brigden, Dorothy Duncan, Omar Rifai, Rita Nakis, Nick Karabineris, Véronique Pourcelet.

**THERE IS MORE TO  
STANSTEAD COLLEGE  
THAN CLASSES ...**

Who says that Stanstead College doesn't have students and teachers who are outstanding in their fields?

Some think that the college can be a hair raising experience.

Others think that once they get to Stanstead that it's all down hill from there on.

Some teachers are so nice that they'll give you the shirt right off their back.

Some of Stanstead's distinguished students.

Squash IS a winter sport, but that doesn't mean that you play it outside.

We aren't all dunces.

# ATHLETICS

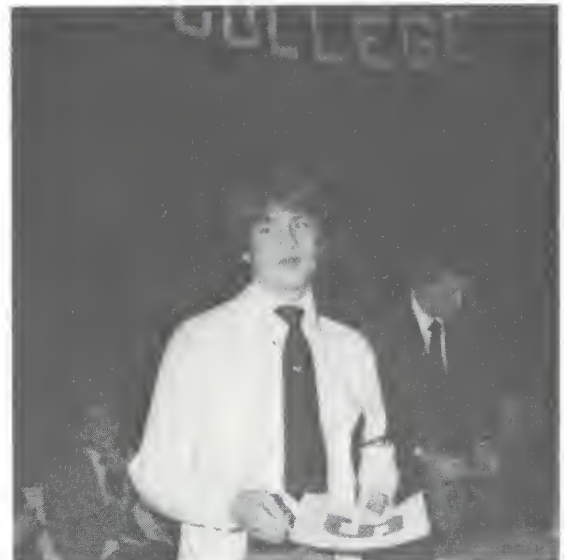

Alan Clark, Fred Victor, Carlo Cammalleri, Phil Huckins, Achraf Chbib. Why do jocks always wear white socks?

## CAPTAINS

## LETTERMEN

FIRST ROW: Maurizio Zucca, Carlo Cammalleri, Phil Huckins, Jay Gerber, Omar Rifai, Steve Doyle.  
SECOND ROW: Nels Brigden, Alan Clark, Luc Lacaille, Jeff Knowles, Fred Victor, Neil MacTavish, Achraf Chbib, Tom Tassé.

Because of injuries and a variety of other reasons, the varsity football team had only around twenty players per game, and was even down to seventeen players for one game. Very often the Spartans would lead until late in the third quarter or early in the fourth, and simply ran out of energy. They climaxed this near five hundred season by winning the Old Boy's game with seconds left, as Kevin Philip kicked the extra point, and despite the ball hitting the upright, it fell through to give the varsity a 15-14 victory.

## SENIORS FOUGHT HARD DESPITE NUMBERS

FIRST ROW: Kevin Philip, Luc Lacaille, Chris Clegg, Phil Huckins, Norm Catlos, Carlo Cammalleri, Ron Spielvogel, Barry Moss, Phil Geoffroy.

SECOND ROW: Coach Philip, Greg Fisher, Blair Paton, Craig Tzventarny, Eric Blaker, Nick Karabineris, Omar Rifai, Mike Tchipeff, Stéphane Brillant, Jay Gerber, Nels Brigden, Coach Grivell.

THIRD ROW: Ian Jackson, Eric Pothier, Steve O'Brien, Pat Berman, Andreas Pollmueller, Francis Lambert, Tom Tassé, Bruce LeVan, Marc Amyot, John Bushnell, Todd Harding.

# **JUNIORS DISPLAYED TRUE SPORTSMANSHIP**

FIRST ROW: Robert Gravel, Nick Doyon, Bruce Taylor, Patrick Goyette, Ken Eryou, David Bailey, Michel Chagnon, Brad Moss, coach Bunner.

SECOND ROW: Michael Kayem, Jerry Goodsell, Doug Taylor, Alain Vaillancourt, Harold Strong, Guillaume Raymond, Jasmin Tremblay, David Farrow, John Carter, Kelly Culligan.

THIRD ROW: Coach Tintpulver, Gary Bakelmun, Daniel Marion, Kirk Rediker, Wayne Beaudin, Kevin Reynolds, Bryan Curruthers, Daniel Chagnon.

FIRST ROW: Marc Robitaille, Giorgio Mauro, Andy Coutts, Greg Foulkes, Scott Lothrop, Achraf Chbib, Leroy Bakelmun, Steve Doyle, Steve Miller, Mr. Walker.

SECOND ROW: Coach Walker, Paul Sparkes, Giovanni Rizzoli, Nick Deakin, Maurizio Zucca, Alvin Ngan, Andrew Deere.

**DESPITE  
SENIORS AND  
EXITING**

FIRST ROW: John Lambert, Robert Deere, Bobby Foulkes, Bruce Ployart, Sam MacCallum, Scott Rylander, Jean-Yves Valois, Andrew Moore.

SECOND ROW: Rod Murphy, Randy Goodleaf, George Karabineris, Todd Clowery, Gary Culligan, John McKeating, Martin Kojoian, Coach Peirce.

## **FEW VICTORIES BOTH JUNIORS ENJOYED SEASONS**

FIRST ROW: Eric Hamel, Jacques Lepine, Mario Melillo, Louis Lamarre, Louis Gervais, Michael Amaron, Simon Walker, Bruno Grisé, Phil Nakis.  
 SECOND ROW: Tim Eryou, Michel Doucet, John Emms, Michael Tilton, Lorne Crawford, Jackson Stafford, Charles Ronalds-Major, Coach Gallant.

## **BANTAMS MAKE IT TO PLAY-OFFS**

## THEY DO BETTER IN THE LONG RUN

Though the team as a whole didn't have that great a season, a few individuals did. Anne Wadleigh, in the bantam division, and Paula MacTavish, in the junior one, finished consistently in at least the top 4 or 5 positions as well as qualified for the Provincial Championships. In the senior boys' class, Alan Clark and Neil MacTavish led Stanstead. Neil nearly always finished no further back than 10th, while Alan was at least one of the top 3 finishers all season long and finished 13th in the Provincial's.

FIRST ROW: Ann Wadleigh, Paula MacTavish, Andrew Paige, Geoffrey Gallant, Peter Paige, Mike Lustig, Katy Vaneste, Carol Bower.  
SECOND ROW: Jeff Knowles, Olivier Beltrami, Fred Victor, Neil MacTavish, Alan Clark, Coach Boyd.

FIRST ROW: Giorgio Mauro, Steve Miller, Chris Clegg, Achraf Chbib, Jay Gerber, Mitch Kotansky, Andy Coutts, Trevor Denney.

SECOND ROW: Bruce Ployart, Maurizio Zucca, Giovanni Rizzoli, Pat Berman, Kirk Rediker, Paolo Giovannetti, Harold Strong, Coach Denney.

## SENIOR HOOPSTERS MAKE IT TO FINALS!

At the beginning of the season, many thought that the team would be lucky to win even one game. This didn't stop them though, as they managed to make it to the championship game of the E.T.I.A.C. where they simply ran out of gas, having played 5 games in 4 days, with the last 2 games being played back to back. One of the other highlights of the season was beating a full Richmond squad by more than 20 points while Stanstead had only 6 players. The team was young and inexperienced, but managed to come through at the end and almost go all the way.

FIRST ROW: Jackson Stafford, Pat Kelly, Jasmin Tremblay, Sam MacCallum, David Jefferson, Nick Doyon, Charles Ronalds-Major.  
SECOND ROW: Coach Grivel, Scott Rylander, Gary Culligan, Louis Gervais, John Josephson, Mark Vicente.

**JUNIORS PUT  
IT ALL  
TOGETHER  
IN THE  
END!**

FIRST ROW: Barb Nakis, Willow Gerber, Judith James, Paula MacTavish, Dominique Valois, Susana Chavero, Rita Nakis.  
 SECOND ROW: Coach Channel, Lynne Benoit, Jennifer Stark, Ann Wadleigh, Michèle Grégoire, Leslie Taylor, Carol Bower.

## **GIRLS' BASKETBALL RETURNS!**

# SQUASH TEAM NOW COED!

This year the squash program was enhanced by the presence of five girls. This was a refreshing experience and drove the players harder than Mr. Walker did in previous years. The team participated in a few tournaments, and although they did not excel, they did have a "blast!". They also had a few tennis players converting to the rigours of squash. However, the recurring major event was that no matter how hard they tried, they kept getting slaughtered by their coach.

FIRST ROW: Véronique Pourcelet, Katsi Goodleaf, Michael Amaron, Karen Rosen, Carina Vocisano.

SECOND ROW: Coach Walker, Randy Goodleaf, Olivier Beltrami, Marc Amyot, Carlo Cammalleri, Andreas Pollmueller, Paul Sparkes, Kevin Talma.

FIRST ROW: Gary Bakelmun, Eric Nicolai, Brian Moore, Scott Lothrop, Fred Victor, Coach Duncan.

SECOND ROW: Coach Eveleigh, Joe Ma, Alan Clark, Neil MacTavish, Ian Jackson.

## CROSS-COUNTRY SKIERS

This year is the year we kept fit shovelling snow onto a track around the football field; the year we discovered the Nordic Ski Centre at Craftsbury Common; and the year the enthusiasm of Fred Victor, Alan Clark, and the whole team turned what could have been a disaster into a successful season.

Thanks to the hard work of the team on our trails, we were the only school in the area to host meets. The weather was kind in as much as it dumped on us just prior to our hosting the Independent School's meet and the E.T.I.A.C. Championships.

FIRST ROW: Gary Bakelmun, Eric Pothier, Alain Vaillancourt, Todd Clowery, Paul Milewski, Jason Flamenbaum, Michel Doucet, Coach Duncan.  
SECOND ROW: Coach Eveleigh, Scott Hospes, Kal Weller, Robert Deere, Simon Walker.

## E.T.I.A.C. CHAMPIONS

We were short of numbers in the junior division but our bantams and seniors won meets against Galt and B.C.S. Fred Victor, Alan Clark, and Scott Lothrop did well to place fourth in the stiff competition of the Nakkutok Relays in Ottawa.

The Independent School's meet was an enjoyable weekend despite losing the senior division to Ashbury and the junior to B.C.S. Victor and Clark placed second and fourth overall and the times of Neil MacTavish and Eric Nicolai were fast enough to place us in a convincing second position.

A fitting finale to our season was our winning the E.T.I.A.C. Championships where our senior team, the excellent skiing of junior Alain Vaillancourt, bantam Simon Walker and every member of the team clocking their fastest times of the season gave us top position and the championship banner.

FIRST ROW: Kevin Philip, Phil Huckins, Nels Brigden, Luc Lacaille, Greg Foulkes, Steve Doyle.  
 SECOND ROW: Coach Bunner, Chris Racicot, Blair Paton, Bruce LeVan, Omar Rifai, Steve O'Brien, John Boushnell, Nick Karabineris.

# **SENIOR SKATERS HURT BY LOW NUMBERS !**

## JUNIORS

FIRST ROW: Jean-Yves Valois, Bruce Taylor.

SECOND ROW: Brad Moss, Patrick Goyette, John Lambert, Phil Geoffroy, Jerry Goodsell, David Bailey, Robert Gravel.

THIRD ROW: Coach Peirce, Daniel Chagnon, Michel Chagnon, Martin Kojoian, Francis Lambert, Wayne Beaudin, Marc Robitaille, Bobby Foulkes, Doug Taylor

FIRST ROW: Jacques Lepine, Ken Eryou, Mario Melillo, David Farrow, Bryan Carruthers, David Beal.

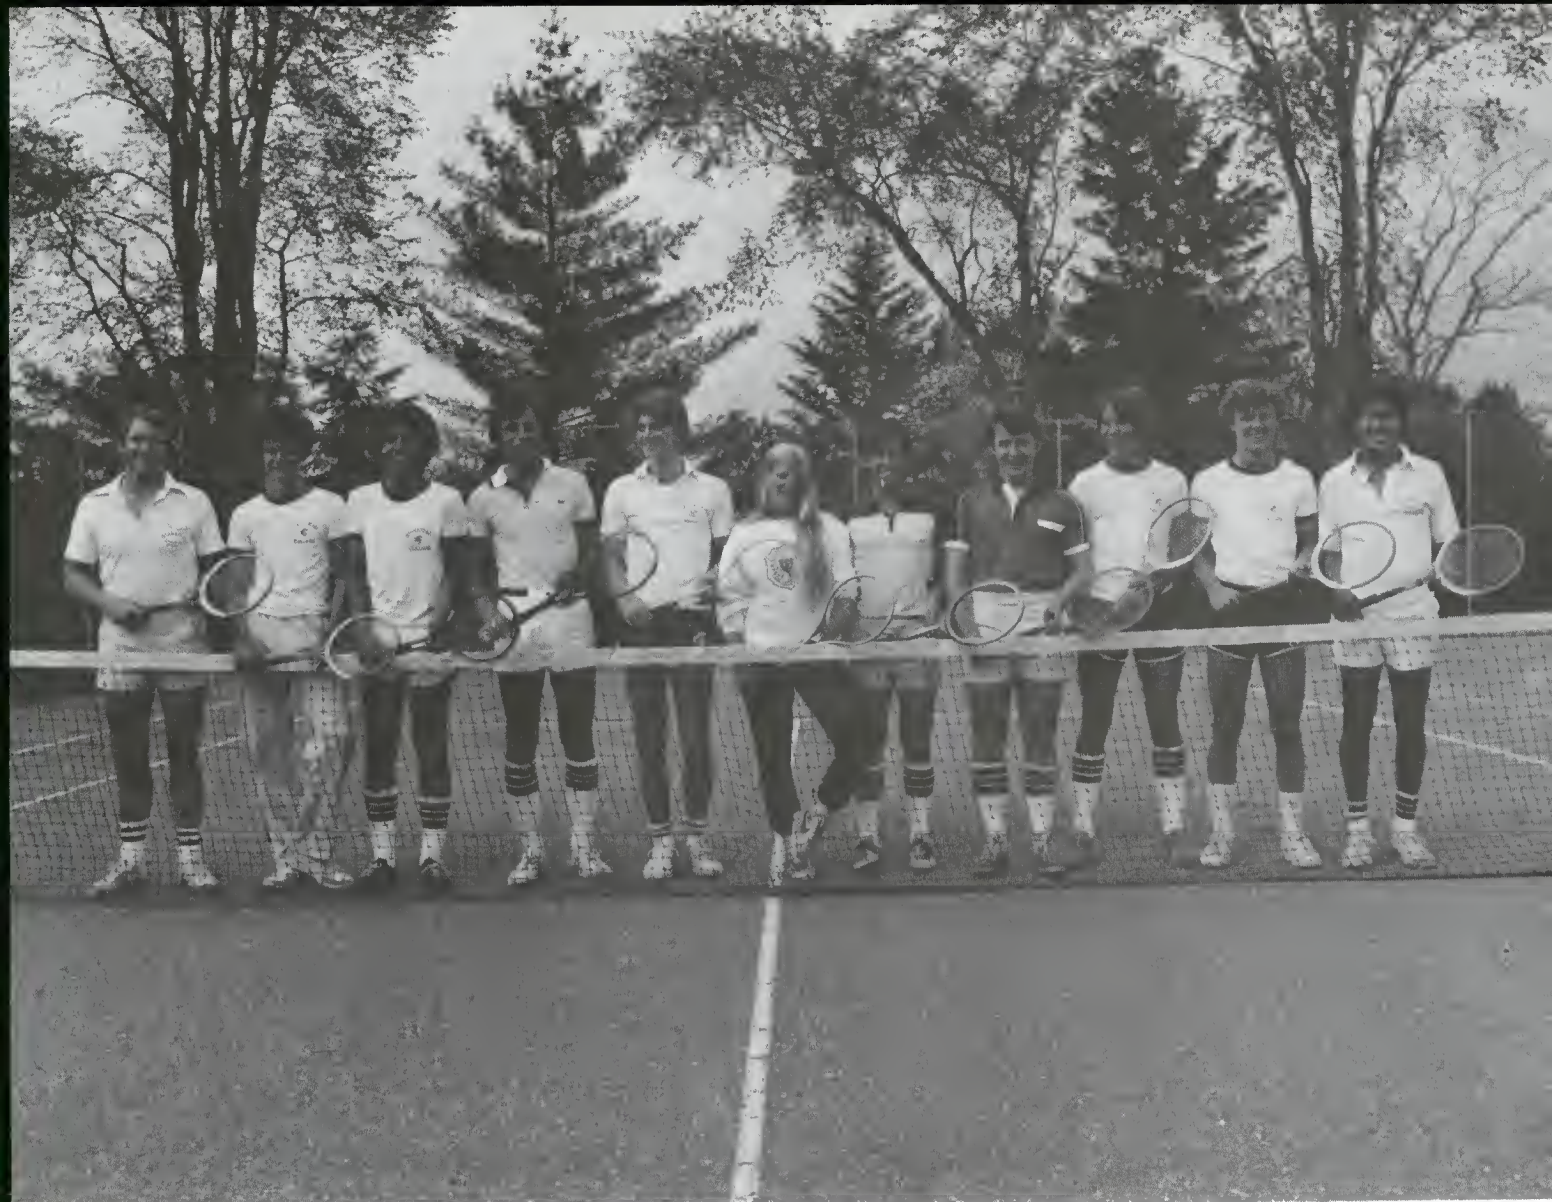

SECOND ROW: John Emms, Geoffrey Gallant, Phil Nakis, Bruno Grisé, Lorne Crawford, Louis Lamarre, Eric Hamel, Jean Langevin, Marc-André Auger.

THIRD ROW: Coach Ashworth, Tim Eryou, Michael Kayem, Phil Huckins, George Karabineris, Kevin Reynolds, Andrew Moore, Steve Doyle, Lenny Lipos, Kelly Culligan.

## BANTAMS

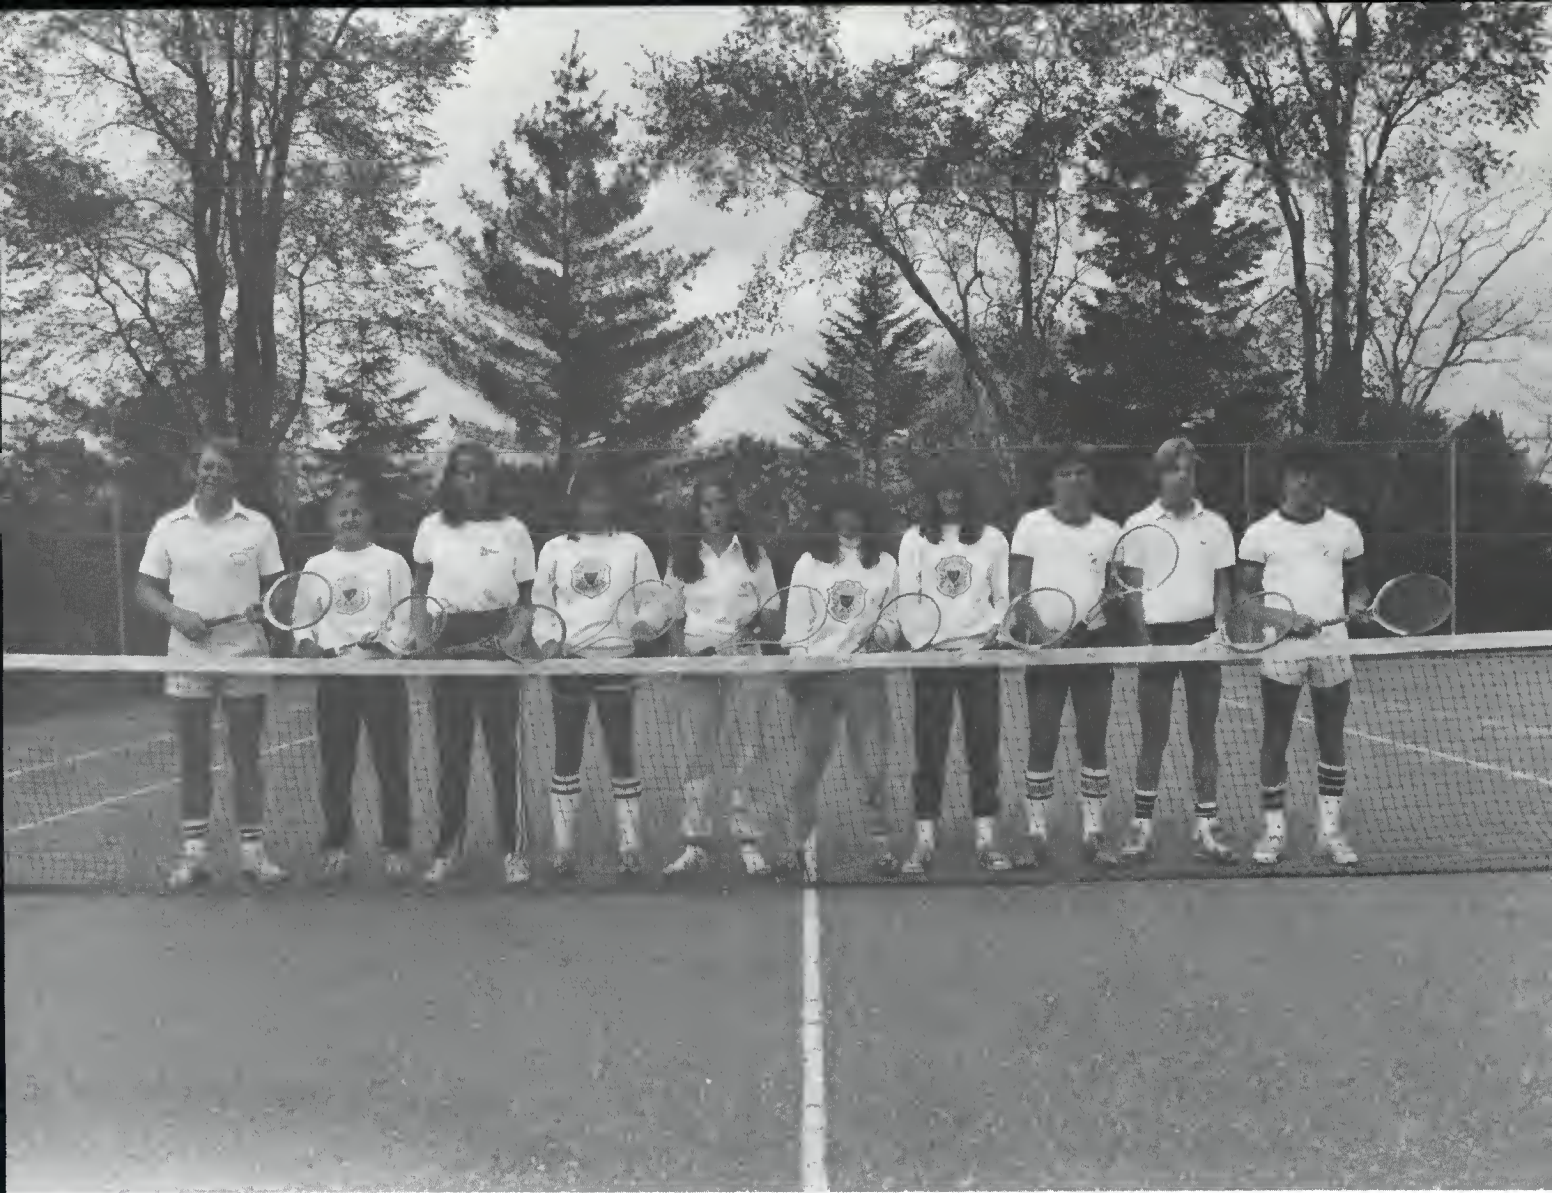

Coach Walker, Ronny Salzman, Gary Bakelmun, Maurizio Zucca, Marc Amyot, Michèle Grégoire, Giorgio Mauro, Jay Gerber, Scott Lothrop, Paul Sparkes, Kevin Talma.

## SERVICE WITH A SMILE

Coach Walker, Katy Vaneste, Jennifer Stark, Katsi Goodleaf, Carina Vocisano, Karen Rosen, Annie Berthiaume, Mike Lustig, Eric Nicolai, Rick Woodward.

FIRST ROW: Simon Walker, Jackson Stafford, Jasmin Tremblay, George Karabineris, Rod Murphy  
 SECOND ROW: Paula MacTavish, Stéphane Brilliant, Steve Miller, Chris Clegg, Luc Lacaille, Carlo Cammalleri, Louis Gervais, Steve Doyle, Barb Nakis, Ann Wadleigh, Coach Boyd, Coach Philip.  
 THIRD ROW: Coach Channel, Eric Pothier, Martin Kojoian, Fred Victor, Jeff Knowles, Tom Tassé, Francis Lambert, Phil Huckins, Bryan Carruthers, Alan Clark, Neil MacTavish.

## TRACK TEAM SENDS SEVERAL TO REGIONALS

Though Carlo Cammalleri was not the lone star on the team, his performances did stand out the most. He kept on breaking records in the shot and discus, and finished 2nd in the shot and 7th in the discus at the Provincial's. Others who stood out were Chris Clegg in the 100m and 200m, coming in 1st and 2nd respectively in the Zone's, and Jeff Knowles whose specialty was the 800m race. Louis Gervais won high aggregate at Stanstead's invitational meet, but was unfortunately plagued by injuries at the end of the season.

RIGHT: Andy Moore, captain of the Reds with Mr. Denney.

ABOVE: Neils Brigden, captain of Royals with Mrs. Duncan.

## SOFTBALL CHAMPIONS

Reds win Junior Softball championships and Royals win Senior Softball championships.

**EXECUTIVE PLANNING DIARY**  
 ever created!

Dominant your days  
outstanding activity

No wasted seconds  
plan each day from  
8 a.m. to 9 p.m.

Special headings  
show you everything  
at a glance to phone,  
to write, to see, to do

Automatic opening  
on whole week

**AT A SINGLE GLANCE YOUR WEEK PLANNED  
 YOU GET A WHOLE NEW OUTLOOK ON YOUR  
 DAILY AND WEEKLY ACTIVITIES.**

Today's executives and professional men are under constant pressure. No matter how able they are, they need help in organizing their activities, plans and obligations.

Quo Vadis Planning Diaries provide this help in handy new form. They put you in total control of daily and weekly agenda. Guide you systematically through hour after hour, eliminating uncertainties and confusion. A must for people in responsible jobs.

- Helps plan daily/weekly agenda
- Acts as a memory trigger for appointments and deadlines
- Saves time, eliminates conflicting dates
- Preserves important ideas
- Records key facts and details systematically by dates
- Establishes priorities for attention or action

**NEW! EXCLUSIVE!**

In addition, an unprecedented method, to understand and use "The Metric System" easily every day.

**QUO VADIS FIVE DIFFERENT SIZES IN  
 DESK AND POCKET DIARIES:**

Trip — pocket size: 3½" x 5"

Business — 4" x 6"

Executive — desk size: 6" x 6"

Minister — 6" x 9½"

President — 8½" x 11"

Available (also in FRENCH) at all leading stationers and department stores.

## THOUGHTS FOR TODAY

If there's one thing I can't stand  
it's arguing with someone who  
knows what he's talking about.

Those of you WHO THINK you  
know it all are particularly an-  
noying to those of us WHO DO

IF what you did yesterday still  
looks good to you ... you haven't  
done much today!

If you don't understand it,  
oppose it.

# GRADUATION

# GRADE XII

## OLIVIER BELTRAMI

Olivier used to be a very well rounded student. Now, after losing about fifty pounds, he is known for other things, such as his outlandish choice of adjectives and the loudness with which he expresses his opinion of the cafeteria meals. Though Olivier came from Montreal 4 years ago, he enjoys spending his summers in Germany making sure that the breweries don't close down.

## J. NELS BRIGDEN

Nels, also known as Bwiggy or Schnick, was here for two years. Leaving his robots back in Toronto, he continued to develop other interests including music, where he D.J.'ed on several occasions; sports, where he received his major "S" in hockey, and of course, women, where he ...

## ACHRAF CHBIB

Ash, besides being quadrilingual, has other assets that are admired. He is well known in the sports world, having won the M.V.P.'s in soccer, basketball and softball. Since coming from Montreal 3 years ago, Ash has made many friends and fits in very well.

## GREG FISHER

Greg always added humour to the College's life. Though only here for one year, his reputation will live on forever. His knowledge in Chemistry was unmatched, as well as his way of life. He was an interesting player to watch on the football field, and will be of interest to others in whatever he does.

## GREG FOULKES

Cutter's interests during his 6 years at Stanstead have been all sports, bugging Mr. Boyd, and Lynn. As well as being a prefect, he was well known for his skinny legs and his abilities in Calculus. His ambition is something in the business world, but if he fails, hopes to set up a lemonade stand in front of Butterfields.

## JAY GERBER

During his three years, Jay was involved with just about everything from prefecting to computers and from drama to the tuck shop. Though he considers his red cheeks to be his claim to fame, others believe that his parties were. Always willing to help others (especially the girls), people liked to have him around when he wouldn't tell his jokes.

## MIKE LUSTIG

Though Mike came to Stanstead from Tel-Aviv 3 years ago, he would like to return in the future as a member of a bomber squadron. His hobbies include photography, pencil sharpening, and airplane drawing in Physics class. Mike always took things easy and advised others to do likewise.

## GIORGIO MAURO

Giorgio enjoyed life at Stanstead a great deal. He loved joking around and worked very hard on how not to work. Known as an "Import", he hopes to go into aerospace engineering and to open the first pizzeria on Mars. We wish him good luck, and hope he delivers.

ALVIN NGAN

Alvin came to us from Hong Kong and besides teaching everyone certain sayings in Chinese, he entertained them with his guitar. Though seeming to be a rather mild person, no one ever tempted him to use his abilities in martial arts. Always enthusiastic, his interest in school events will be missed.

STEVE O'BRIEN

Steve, who's from Lachine, was at Stanstead for one year, impressed others with his thirst for knowledge, as well as for other things. He enjoyed skiing and other outdoor sports. Aside from boxing, he also enjoyed "Bailey beating" as well as saying "I'll thrash you!" His ambition is to be chief Justice of the Quarts.

KEVIN PHILIP

Bear is one of the few who ever made it through six years at Stanstead. Though he has always been involved in athletics, he has just recently taken to weight lifting and as a result, several girls are taken with him. Though he hopes to work in Physical Education, he could someday be Mr. Universe.

VERONIQUE POURCELET

Véronique always kept up on things, for she enjoyed gossiping with Bear. Her other interests included Jay's parties and bugging Mr. Boyd. Though her claim to fame was being the lone girl in Grade 12, she was friends with everyone. She hopes to have a career as a dress designer and to eventually move up in the world and help the seamstress at Stanstead.

MICHAEL TCHIPIFF

EOTL came from Beaconsfield to do his Grade 12 and entertain the students with his feats. Though his claim to fame are his suicide jumps he is also well known for saying "Amaaazzzing!!!" He is a very original person as well as independant but enjoys having barrels of fun.

MAURITZIO ZUCCA

Maurizio came from Milan, Italy to finish his High Schooling. He enjoyed Basketball, Tennis and got his major "S" in Soccer. He liked to listen to the radio and the easy life of the annex and though he loved skiing, he really enjoyed the fun times in Vectors class.

# GRADE XI

## MARC AMYOT

Marc has been at Stanstead for 2 years during which time he became a prefect, and a girl watcher. Though he lives in Ste-Agathe-des-Monts, Marc goes to Spain whenever possible. He hopes to someday become a tycoon and monopolize P & M's and the Tuck Shop.

## CARLO CAMMALLERI

Carlo has been at Stanstead since seventh grade. Now, head-boy, he enjoys football, squash, and track as well as the prefects room. Though he wants to either be an architect or play football, he will probably end up designing water bottles.

## ALAN CLARK

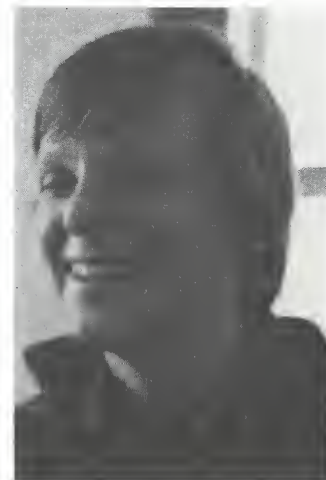

Alan came to Stanstead 3 years ago and proved to be quite an excellent Cross-Country runner and skier, where he was M.V.P. in both sports. His other hobbies include skate-boarding, bicycling, and being thin. No matter what his ambition is, he should do well in the long run.

### ANDREW COUTTS

Coutter has been at Stanstead for 5 years. Doing well in academics, soccer, basketball, and softball during his stay, he also enjoyed drama and was very interested in photography. His ambition is to be a dentist or to do something in optometry. His probable destiny however, is to be a voyageur.

### NICHOLAS DEAKIN

Nick is from Brazil, "where the nuts come from", and has been at Stanstead for two years playing basketball and soccer. He believes that he's a nice person that comes from the best country in the world to teach the gringos how to live. He hopes one day to be the best coffee bean producer. We just hope that this ambition won't keep him up at night.

### PAOLO GIOVANETTI

Paolo has spent four years at this school and enjoys the supernatural and unsolved mysteries. Though interested in psychology and medical research, he believes that his dream will go down the luxurious sewers of Rome. Usually heard saying "No!! You ugly piece of ...!", we dismiss it realizing that Paolo is himself an unsolved mystery. (He likes punk.)

### MICHELE GREGOIRE

Michou came to us midway through the year from Sept-Iles and proved to be quite an athlete, especially in Basketball and Tennis. Her beautiful blond hair was always an attention grabber from her first day on. She's interested in data processing and we're sure she can measure up to the task.

PHIL HUCKINS

Phil has been one of Stanstead's star athletes for five years now, especially in Hockey. He has already had some offers to play elsewhere, but will return to Stanstead for another year. His ambition is to be a pilot, but we don't think that he'll always be up in the clouds.

NICK KARABINERIS

Big Nick is here for his second year from St-Bruno and is an integral part of the football team. A prefect and member of the animation committee, Nick's always played a big part in whatever's going on. Nick hopes to return next year for more education and more of Mrs. Gerber's potato salad.

TODD HARDING

Rodney has been at Stanstead for five years now, involved in a variety of sports and activities. Though interested in being a doctor, he also has an inkling to be an astronaut.

MITCHELL KOTANSKY

Mitch, whose usual comment is "This is so primitive" is here for his second year from Montreal. He never stops dazzling people, whether it is with his roller skates, skateboards, or frisbees. Though his ambition is to marry a beautiful blond he thinks that he might still be able to find happiness, even if she's not blond.

LUC LACAILLE

Luc was one of the few people who, during his two years at Stanstead did so many things and did them well. He was an excellent swimmer, as well as Hockey player and Rifleman, even a prefect. He hopes to be a C.A., a lawyer, or a seismologist. We just hope his career is not too shaky.

## SCOTT LOTHROP

Scott is another five year man at the college, just like many of the day-boys. As well as being one of the Eastern Townships Premier Cross-Country skiers, he's an excellent tennis player. Scott's ambition is to get to the end of the rainbow, but believes that he'll end up in British Columbia.

## JOSEPH MA

Joe came here from Hong Kong two years ago. Though he hopes to become a wealthy businessman, his forté is in science and his career will probably follow along these lines.

## NEIL MACTAVISH

This was Neil's first year at Stanstead. Though he started the year out as being from Point-Clair, his family then moved to Nigeria. Though an excellent Cross-Country runner and skier, Neil also enjoyed helping out the groundskeepers by mowing the grass.

## DANIEL MARION

Souris, who lives at the Lime-light when not at Stanstead loves music and being thin. His ambition is to become a millionaire in order to enable him to buy the College and turn it into a nudist colony.

RITA NAKIS

Rita, whose claim to fame is her father's restaurants and her Greek background, was a prefect and a member of the animation committee. She was always a help at cheering people up, or coming up with activity ideas. There's a rumor that she's after Miss Bower's position.

ANDREAS POLLMULLER

Andreas, from St-Lambert, made the most of his two years at Stanstead. As well as participating in many sports, he also was involved in the play. He hopes to be a psychologist, but believes that his destiny lies in being a neurotic psychotic at the Douglas.

GUILLAUME RAYMOND

Guillaume, whose claims to fame are his looks and his intelligence has the ambition to be a noseguard for the L.A. Rams, though would settle for being their first male cheerleader. Though his main interest is listening to the Rolling Stones, he is also interested in buying the Lime-Light.

OMAR RIFAI

What can we say about Omar that he hasn't already said about himself? Everyone who has known Omar during his three years here, though, would have to agree with him. Omar always helped out with everything, being a prefect and on other committees. Omar realizes that he used to be conceited but now says that that's all behind him. He is now perfect.

GIOVANNI RIZZOLI

Giovanni came to Stanstead three years ago, from Venice. He says that he wants to be a poet of life, and not have any economic problems, but believes that he'll have to settle for being a jeweller.

MARC ROBITAILLE

Marc, who came here a few years ago, always managed to find something to do, so as not to be bored. He enjoyed Hockey and other fast-flying sports. Marc should do well, though, since he has always had high hopes.

KAREN ROSEN

Chevette came here from Montreal to pursue her interest of getting detentions. She also enjoyed falling down the stairs. She was a member of the animation committee and loved to dance, while her other talents included playing squash.

GILLI SCHWARTZ

Gilli was at Stanstead for quite a few years, always making the best of it. His favorite saying was "You really got me now" and he loved flicking ears. As well as being a star intra-mural basketball player, Gilli also enjoyed getting credit at the tuck shop and as a result, will probably take over the Royal Bank some time.

### PAUL SPARKES

Sparky was here for three years, coming to us from St-Johns. Though a prefect and member of the animation committee, he also enjoyed Soccer, Squash, Tennis and Jay's parties. Though his ambition is to be lawyer, it's just so that he can get better fishing rights.

### JENNIFER STARK

Jenny loved to get involved in most of the activities as her actions as a prefect and a member of the animation committee showed. Her other interests were basketball and big Italian Football players. Her ambition is to be Head-boy.

### HAROLD STRONG

Butch was here for only a year, but nevertheless fit in as if he had been here for years. He always lent a hand to people and was just a good guy. He played Football and Basketball as well as helped out a great deal with the play.

### KEVIN TALMA

Kevin is from Barbados and by far the best Tennis player in school. As well as an excellent surfer and skateboarder, Kevin was one of the most likeable people at Stanstead. His ambition is to enjoy the sun. It looks as if he'll have a real hot time.

### THOMAS TASSE

Tom has been here for four years during which he was one of the best football players, getting his first major "S" in grade nine. He also enjoyed Basketball and Track and Field, as well as being a star in the Variety Shows. Tom says that he'd like to play for the Alouettes, but would settle for being a Gigolo.

### FREDERICK VICTOR-LACISZ

Freddy was one of Stanstead's best Cross-Country runners and Skiers for the past two years. He was also one of the most originally dressed students. Though one of his ambitions is to be a civil engineer, he feels that his destiny lies in painting lines on the highways of Québec.

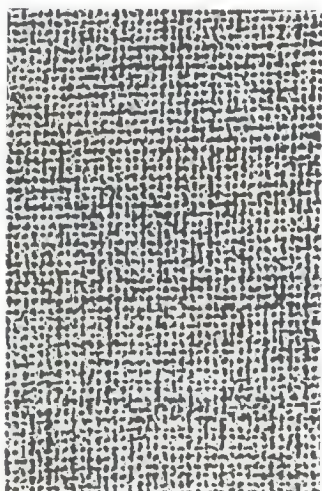

### CARINA VOCISANO

Carina was best known this year for her wardrobe that was out of this world. She enjoys Squash and Tennis and was on the animation committee. She was always rational and should do well in her ambition to be a psychologist.

### RICHARD WOODWARD

Rick has been here for three years the last of which he captained his team to the intramural basketball championship. His claim to fame was without a doubt his dune-buggy while his favorite saying was "Neil, where's your Physics assignment?" He hopes to be a pilot. We hope his aspirations aren't too high.

The Birk's Silver Medal for Best Student in Grade 12	Robert Gravel
The Pitcher Memorial Prize — the School's highest award	Luc Lacaille
	Jay Gerber
	Achraf Chibb

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. The Department of Health (1999) has set out a vision for the future of mental health services, which includes a focus on preventing mental health problems, supporting people with mental health problems in the community, and providing specialist services for people with severe mental health problems. The vision is based on the principles of recovery, which emphasizes the importance of helping people to live full and meaningful lives, despite their mental health problems.

One of the key challenges in implementing this vision is the need to develop a workforce that is equipped to provide the range of services that are required. This includes a range of professionals, including mental health nurses, social workers, psychologists, and occupational therapists, as well as a range of support staff. The workforce also needs to be equipped with the skills and knowledge to provide a range of services, including assessment, intervention, and support.

One of the key areas of research in this field is the need to develop a workforce that is equipped to provide a range of services, including assessment, intervention, and support. This includes a range of professionals, including mental health nurses, social workers, psychologists, and occupational therapists, as well as a range of support staff. The workforce also needs to be equipped with the skills and knowledge to provide a range of services, including assessment, intervention, and support.
